

JR Tucker PTSA

The JR Tucker PTSA is an active group of Parents, Students and Teachers who come together to encourage parent and student involvement at our school. We meet once a month and work to provide programs, events and support for our students and our teachers.

We welcome new members to the Board and have several positions available for the upcoming school year. This is a great opportunity to meet other parents, keep up with current school events and have a voice in what happens at our school. There are several committees and some positions available that include:
